Howden Specialist Cricket Club Property and Personal Accident Insurance

Howden has partnered with the ECB to create a bespoke policy tailored to the needs of cricket clubs.

Your property and assets are valuable and should be protected. Under this policy you can arrange cover for your clubhouse and buildings, your pitch and Square, equipment (both at the club and away) and your income.

In addition, you can arrange cover to protect your members in case they are injured whilst training or playing for the club.

More details of the covers that can be included in your policy can be found in the attached summary and we would ask that you look at the important information document, which includes regulatory information you need to know.

Please use the interactive form below to indicate which covers you require and how much of each you need to insure. You should save the completed copy of this form and send it to cricket@howdengroup.com.
